

**STANDARD CHLORINE CHEMICAL CO. INC. SUPERFUND SITE  
MONTHLY PROGRESS REPORT  
DECEMBER 2015**

**I. Actions Completed During the Reporting Period (December 2015)**

Preparation of the Remedial Investigation (RI) Report Addendum to document the RI activities completed in June-July and October-November 2015 continued.

Revision of the Focused Feasibility Study to address EPA comments and incorporate information for Area 2 continued.

**II. Results of Sampling, Tests, and Data Received by Respondents**

Data received by Respondents during the reporting period included routine data associated with the operations and maintenance of Hydraulic Control Treatment System (HCTS). These data are summarized on a quarterly-basis in an appendix to the monthly progress reports.

Laboratory results for soil and groundwater samples collected for analysis as part of the RI were received and reviewed. These data are included in the RI Report Addendum (See Below).

**III. Work Planned for the Next Two Months (January and February 2016)**

Preparation of the RI Report Addendum to document the RI activities completed in June-July and October-November 2015 will be completed. This report was submitted to EPA on January 6, 2016.

Revision of the Focused Feasibility Study to address EPA comments and incorporate information for Area 2 will continue.

If available, receive and review results of HCIA geotechnical assessment regarding effects of HCIA fill placement on slurry wall.

Monthly progress reports will continue to be prepared and submitted to EPA.

**IV. Problems Encountered/Anticipated Delays**

None this reporting period.

**V. Operations and Maintenance Information**

Routine operations and maintenance activities were completed. A summary of operations and maintenance activities are provided on a quarterly-basis. The O&M summary for the fourth quarter of 2015 will be included as Appendix A to the monthly progress report for January 2016.
